Meeting Notes: 11/8/2023

- Amazing work!! Going with mockup B as the basis
- For the gymnast page headers, bringing the header from mockup A to B.
- Navigation: collapsible menu on the home page – not taking away from the clean opening page
  - Nav will also be available through the gymnast icons/images
- Twisties: make a separate section within the summary of Simone's games, but not a full section header
- Getting rid of timeline for redundancy
- For the desktop view, raising point size a bit – right now it's appearing larger than the mobile view (size there is good!)
